

What is the Graduate Get-Together?

An informal platform for PhD students and postdocs to meet and talk about their work.

Who is invited?

All PhD students and postdocs from MNTF!

What is planned?

First: Small talk (~ 30 minutes) **with snacks and beverages!**

Afterwards: Three short talks (~ 15 minutes each) from members of the MNTF:

Discrete-to-Continuum Limits and the Modelling of Materials – Why Mathematicians always send Variables to Infinity (Jiří Zeman; Mathematics)

Atomistic Simulations of Biomolecules (Marijana Ugrina; Physics)

Research Activities at the Chair of Hybrid Composite Materials and Mechanical Engineering (Marco Korkisch; MRM)

Graduate Get-Together

Time and Place:

July 14th, 17:30 in room L2004/L2006 (Institute for Mathematics)
