Talk and Discussion

Time and Place:

July 19th, 17:30
in room 506R
(physics building)

Talking about paths in academia

The talk and discussion panel on "Paths in Academia" focused on exploring diverse career trajectories within the academic world. The speakers shared their personal experiences and insights on their career paths. The audience is invited to ask questions and engage in a discussion about the ever-changing landscape of academia and the myriad career opportunities it presents.

Prof. Xueping Zhao

The University of Nottingham
Ningbo, China

Prof. Abhinav Sharma

Universität Augsburg
