Find a room (in Augsburg)

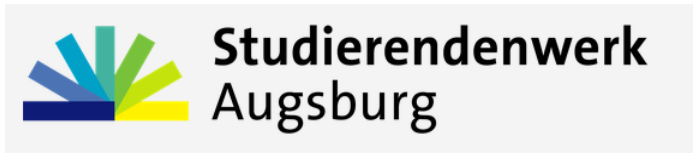

Where to start?

- Read up on the different types of housing (dormitories, Studierendenwerk, private rentals)
  → https://www.uni-augsburg.de/en/studium/studieren-augsburg/wohnen/
- Send your application to a variety of options.
- Stay proactive! Ask around! Keep searching on your own!
- Also look into short-term rentals (in shared apartments, dorms, hostels, youth hostels, etc.) for several weeks, months, or a semester. A temporary solution like this allows you to search while you're in Augsburg, which is often easier.
- Search for Facebook groups and ask there if anyone has a room available.
- Other good options are: Wg gesucht, ImmoScout24, Kleinanzeigen, Studierendenwerk Augsburg und Augsburger Allgemeine.

Pay your semester fees

https://www.uni-augsburg.de/en/studium/organisation-beratung/organisation-und-formales/semesterbeitrage/

Please note: Some departments, such as the examinations office, will only respond to emails sent from your university email address!!!

Through the University of Augsburg's webmail service, you will receive your own student email address, which you can use to send emails and receive important information. Many students find it easier to forward these emails to their usual email provider so they don't miss any important information:

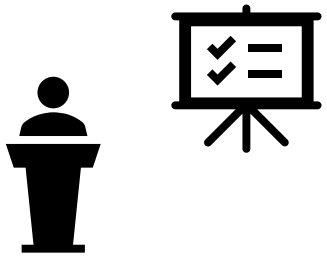

You can access the webmail service via the following link: https://webmail.uni-augsburg.de

Research introductory events

There will be a **general/central orientation session in German** for all first-year students. There, you will receive basic information about studying at the University of Augsburg. At the end of the preparatory course, we will go there together. No registration is required.

Even more important than the general orientation session is the **orientation session for your specific subject(s)**. You can find it via the following link: https://www.uni-augsburg.de/de/studium/organisation-beratung/beginn-verlauf/einfuhrungsveranstaltungen/ (→ You need to scroll down to find your subject.)
At the orientation session, you will learn how your specific degree program is structured and how to best organize your studies. **Attendance is strongly recommended!**

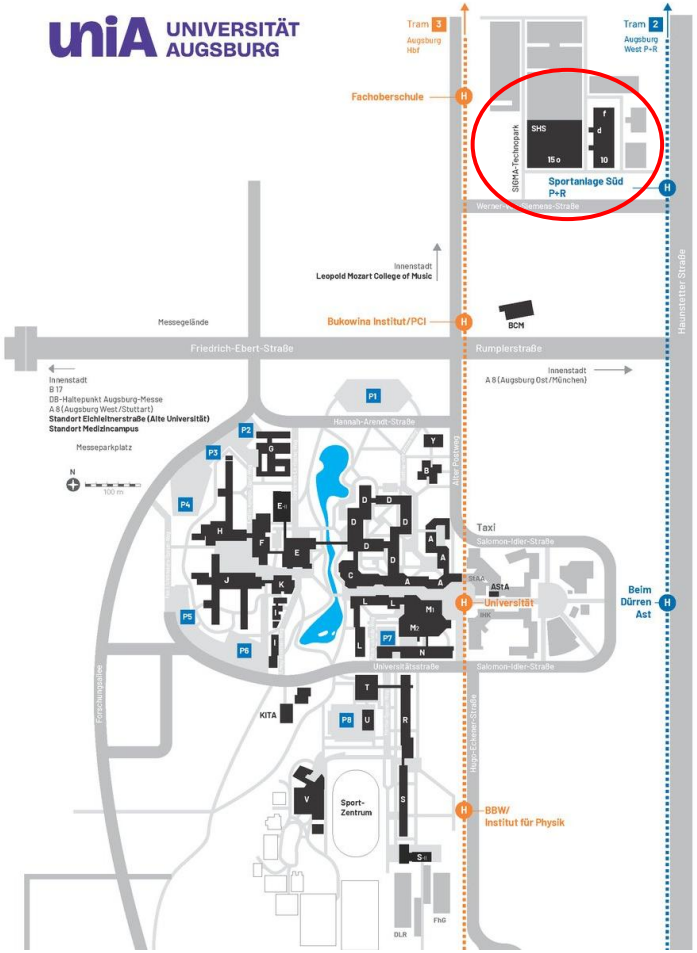

Central orientation session for all first-year students

The general orientation session for first-year students in all degree programs will take place on **Wednesday, October 7, 2026** and on **Thursday, October 8, from 1:30 p.m. to 3:30 p.m. in the Lecture Hall of Sigma-Technopark in German**.

Following the president's introduction, the **various service facilities and service platforms** will introduce themselves to you.

If you speak German, we recommend that you attend the general orientation session, as it will provide you with a **comprehensive, interdisciplinary introduction to your studies at the University of Augsburg**. If this session conflicts with subject-specific orientation sessions, **we recommend that you attend the subject-specific session**. There you will receive more detailed information about your specific course schedule and other important questions.

Buy a SIM card

Shortly after you've arrived, you should buy a **SIM card** for your cell phone.

A cell phone contract usually only makes sense if you plan to stay in Germany for several years.

Alternatively, you can purchase prepaid cards starting at €10. These are available at electronics stores like *MediaMarkt* and *Saturn*, drugstores like *dm*, *Müller*, and *Rossmann*, or supermarkets like *Aldi*. The cost depends on your usage.

Open a bank account

You'll need a bank account if you:

- plan to stay in Germany for several years
- need to pay rent for a dorm room – only German bank accounts are accepted there!
- want to get German health insurance
- want to work while studying in Germany
- want to withdraw cash for free in Germany – you'll need cash from time to time in your daily life!

We recommend that you choose a bank with branch offices or ATMs that are easily accessible to you. Most international students choose the *Stadtsparkasse Augsburg* because it has many ATMs located throughout the city. You can also open an account with an **online bank** (e.g., N26)!

To open a bank account, make an appointment at a bank branch of your choice, such as Stadtsparkasse Univiertel:

contact: 0821/32550
email address: bc38@sska.de
address: Hermann-Köhl-Str. 9, 86159 Augsburg

Stadtsparkasse Augsburg

Open a bank account

Required documents:

- German cell phone number (for online banking!)
- Your full address in Germany (including your apartment number if you live in a dormitory)
- Your registration confirmation from the city OR your lease agreement
- Your letter of admission from the university (as proof that you will be a student; in that case, the account is free until you turn 28) or your certificate of enrollment
- Your tax identification number* from your home country

→ You will receive your debit card in the mail in about two weeks.

* Your tax identification number (TIN) is used to verify your identity. If you do not pay taxes in your home country, you do not need to provide a number. In that case, you will need to sign a form stating that you are not liable for taxes.

Payment Methods in Germany

1. Debit card or credit card (widely used in everyday life)
2. Often also **in cash** (especially for smaller amounts)
3. Bank transfer (= "Überweisung") (cashless transfer from one's own account to another—e.g., via online banking)
4. Direct debit authorization (="Einzugsermächtigung" or "Lastschrift") → automatic deduction from your account, e.g., rent, phone bill, health insurance
5. Recurring payment (= "Dauerauftrag") → the bank is instructed to transfer a specific amount to the same recipient on a regular basis

Get health insurance

Valid health insurance is required for enrollment!

For EU citizens:

- Health insurance from your home country is sufficient—you need a valid EHIC card!
- Required for enrollment: “Insurance Certificate for Enrollment.” This can be obtained from a German public health insurance provider by presenting your EHIC card.

Please note:

- Your existing international health insurance must be renewed.
- Your international health insurance will only cover the costs it would cover in your home country. Any additional costs must be paid out of pocket.
- You may need German health insurance if you plan to work in Germany.

Get health insurance

In Germany, a distinction is made between **private** and **public** health insurance:

Public health insurance:

- Available only to students under 30 years of age
- Excellent insurance coverage
- No issues with the immigration office accepting the insurance
- Cost: approx. €145 per month
- All public health insurance plans offer roughly the same benefits
- You can find an overview of all public health insurance plans here

Private health insurance:

- For students over 30
- More affordable, but with fewer benefits than public health insurance
- You must pay for treatment out of pocket first and will then be reimbursed
- Monthly payments increase with age
- **You cannot switch to public health insurance retroactively while you are a student!**
- Examples: *MAWISTA*, *care concept*

Get health insurance

If you're unsure which insurance plan to choose, consider the following:

- Does the insurance company have an office in Augsburg?
- If so, where exactly?
- Is there a specific contact person for students?
- Make an appointment and get some advice!

In it, you'll be asked whether you need to register or if someone else is already paying for the apartment. (The fee is charged per household, not per person).

Caution: The contribution service will never ask you to provide sensitive information (such as bank details or passwords) over the phone, by email, via text message, or on WhatsApp. Furthermore, paid services from third-party commercial providers currently offered online are in no way affiliated with the official contribution service. **Please use only this website to register:** https://www.rundfunkbeitrag.de/welcome/english.
