

Student Testimonial – Summer 2026

Tamar Machitidze (Georgia)

My experience with the Augsburg Summer Program far exceeded all my expectations. I initially joined because I wanted to gain valuable experience studying abroad, but I gained so much more than that. It was truly an unforgettable summer, and I would wholeheartedly recommend this program to anyone considering it.

What I enjoyed most about the classes was their interactive and practical nature. Rather than just passive learning, the lectures encouraged real engagement and practical understanding, which made a huge difference. If I were to offer one small piece of feedback, it would be regarding the exams: time felt a bit tight, especially for students for whom English is not a native language. A little extra time or consideration for non-native speakers would be greatly appreciated in the future.

As for Augsburg itself, it is a lovely, charming city with incredibly warm and helpful people, making it a wonderful place to spend your free time. One of the absolute highlights of my trip was visiting the breathtaking Eibsee Lake—it is located just about three hours from Augsburg and looks like something straight out of a fairytale. I highly recommend every future participant to visit it!

Regarding the logistics, finding accommodation turned out to be the most challenging part of the program, and I ended up having to pay quite a high price for housing. Because of this, my main piece of advice for future participants is to connect with each other in advance and consider renting an apartment together to make living expenses much more affordable.

I don't know how the organizers managed it, but an extraordinary group of participants came together this summer. Everyone was so friendly, interesting, and welcoming, and I am certain I will continue to stay in touch with many of them in the future.

Finally, I want to express my sincere gratitude to the Augsburg Summer Program team, who were exceptionally supportive, helpful, and attentive throughout the entire experience. Thank you for giving us the opportunity to meet such wonderful people and to learn from such outstanding professors!
