### The University of Augsburg

Founded in 1970, the University of Augsburg is a comparatively young university. 19,000 students are enrolled at eight faculties which cover many disciplines like Business, Humanities, Law, Social Sciences, Natural Sciences or Communication Science.

On the beautiful green campus south of Augsburg's city centre all facilities, including the library, the sports centre and various food and coffee spots are easily reachable. And with a picturesque lake at its centre, the campus is the perfect place to relax between classes or study outdoors in the summer. Join us for an unforgettable exchange experience at the University of Augsburg!

### Exchange at the University of Augsburg

As a student of one of our partner universities, we will be happy to welcome you as an exchange student for one or two semesters. As an exchange student, you do not have to pay any tuition fees in Augsburg and can earn credits that can be recognised for your degree (given the approval of your home university).

You will be well taken care of by the Augsburg International Office. We support you individually so you don't feel lost before or during your exchange.
