

Become an Educational Activist.

Our fundraising project at 264.education.

We are looking for an output driven self-starter who helps us accelerating our fundraising activities.

Cool, sounds interesting! What would my project look like?

- Drive the fundraising process (reach out to potential donors, research fundraising opportunities, apply for applications, and awards)
- Set up scalable fundraising processes to broaden 264's fundraising efforts
- Create pitch decks, one-pagers, and other promotional material
- Manage administrative tasks related to fundraising (CRM, organization of meetings, ...)

Am I the right person?

- You share our vision of free and high-quality education
- You are an output-driven self-starter who is used to working independently
- You are confident in using digital tools like G-Suite, Slack, etc.
- You have excellent communication and writing skills in English and German

We call ourselves a For-Impact-NGO and want to introduce a business mind-set to the NGO-world. In our main jobs we are strategy consultants, growth hackers, and entrepreneurs. During this internship you will improve your skill-set related to communication, writing, selling, presentation, structural thinking (...) !

You can start *anytime* for at *least 3 months* (long-term support possible), *remote* on a *voluntary basis*. We are flexible – let's talk!

About 264.education

We want to bring free education to every child in the world. We focus on those children, who otherwise would not have access to education at all by building schools in areas where we see the biggest impact (e.g. Africa, South-East Asia).
