Information on International Exchange

The Faculty of Business and Economics consists of 23 chairs belonging to four different clusters:

- Business Analytics & Operations
- Economics
- Finance, Accounting, Controlling & Taxation
- Strategy, Marketing & Management

We offer more than 30 courses per semester in English. Most of the courses are open without any limitation, some require an application. There is a special track consisting of exclusive courses for all exchange students. You can also take courses at other faculties and join language and intercultural courses.

Augsburg is the right place for you if you would like to have ...

- a wide range of high quality English-taught courses in the field of business and economics.
- a wide range of German language courses on all language levels.
- individual support for all matters of incoming students.
- authentic insights into German and Bavarian culture.

Our Offer for Incoming Students.

Academic Degree Programs

The Faculty of Business and Economics offers degree programs on all educational levels.

Undergraduate - Bachelor of Science:

- Business Administration
- Economics
- Global Business Management

In addition, we offer two alternative international tracks as part of our bachelor's degree programs:

- German-French Management
- International Business & Economics

Graduate – Master of Science:

- Business Administration
- Economics and Public Policy
- Global Business Management
- German-French Management

The faculty is involved in the "Corporate Governance" MBA program and in the "Business Informatics", "Business Engineering", and "Law and Business Studies" degree programs.

Many lectures and seminars are taught in English and support the international education of our students. These courses and the "Global Business Management" and "German-French Management" international degree programs reveal our strong focus on internationalization.

Our Exchange Partners at a Glance

Among our global exchange partners are the Queen’s (Canada), Pittsburgh (USA), Indiana (USA), Dayton (USA), Nanjing (China), Kookmin (South Korea), and Monash University (Australia). In addition, we offer 54 destinations in 20 different countries in Europe via the ERASMUS program.
Augsburg is located in the heart of Europe. Benefit from studying at the University of Augsburg and get to know the German way of life in Bavaria’s third-largest city. There are many opportunities for social, leisure, and sports activities next to the dynamic life at the university campus.

**A Dynamic University.**

The University of Augsburg is a young and dynamic university in Bavaria. It is still growing, but pleasantly manageable with about 20,000 students. Eight faculties offer a broad spectrum of around 80 degree programs in the humanities and social sciences, natural and technical sciences, law and economics, theology, and medicine. Their attractiveness extends far beyond the region. About 10 percent of the students come from abroad.

**Our Attractive Campus.**

The Augsburg campus, located near downtown Augsburg, is easily accessible by public transportation or bicycle. The varied, light architecture is surrounded by a large park-like landscape with lots of water and numerous sculptures, learning islands, and small squares. The faculties, canteen, cafeterias, sports center, and libraries – everything is within walking distance. You can feel the “university”, the lively community between lecturers, researchers, and students. We study, we teach, we conduct research, and we live – all on our campus.

**The City and Its Surroundings: Worth Living and Strong.**

Bavaria’s third-largest city offers many diverse experiences for our students during and after their studies. Augsburg – a 2,000-year-old Roman city - has long played an important cultural and economic role: the Fuggerei (the world’s oldest social housing complex) and magnificent Renaissance buildings, music festivals and the state theatre, old craftsmen’s districts and high-tech global companies. Since 2019, the historic water system of the city has been granted UNESCO World Heritage Site status. In addition, the surrounding area has a lot to offer: relaxing at the numerous lakes and rivers, biking in the Western Forests, a trip to the nearby Alps, or shopping in Munich.
