

Travel from Munic Airport to Augsburg by public transport

1. *Munich Airport → Munich-Pasing*: From Munich Airport, take the S8 suburban train (“S-Bahn”) towards final destination “Herrsching”. The S8 runs directly from the airport to Munich-Pasing, so there is no need to travel to Munich Central Station. This journey takes approximately one hour.

2. *Change at Munich-Pasing*: At Munich-Pasing, change to a train travelling towards Augsburg Central Station (“Augsburg Hbf”). ICE trains and other long-distance trains stopping at Munich-Pasing can take you directly to Augsburg. Alternatively, you can take a regional train (e. g. “RB” or “RE”) towards Augsburg. Although direct connections are available frequently, we recommend checking the current train times shortly before travelling, as schedules and platforms may change.

3. *Augsburg Central Station*: Get off at Augsburg Central Station (“Augsburg Hbf”). From there, please follow the directions to the conference venue described on the website of the conference venue Haus Sankt Ulrich:

https://haus-sankt-ulrich.de/Information_10_1.html

A map of Augsburg and the city’s public transport system is also available on the conference Website.
